## Town Warrant

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Derry, qualified to vote in Town affairs:

You are hereby instructed to meet at the Veterans' Memorial Building in said Town on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1. To elect one Selectman for three years, Town Clerk, Treasurer, Collector of Taxes, Library Trustees, Trustees of the Trust Funds, Auditors, and all other necessary Town officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, maintenance of the poor, for laying out and repairing highways, for building and repairing bridges, for the maintenance of trunk line and state aid roads, for the suppression of moths, for the police department and municipal court, for hydrant service and electric lights, for salaries of town officials, for the Board of Health, for the expense of the Town halls, for the support of libraries, for state and county taxes, for the observance of Memorial Day, for aid to the Derry Visiting Nurse Association, for playground purposes, for cooperating with the state and federal governments in control of the white pine blister and for all other necessary charges arising in said Town, and pass any vote relating thereto.

3. To see if the Town will accept state aid for construction of the Class 2 road known as Island Pond Road and raise and appropriate, or set aside for said purpose, the sum of \$1,888.50; or will accept state aid for construction of Class 5 roads and raise and appropriate, or set aside for said purpose, the sum of \$1,018.22, and pass any vote relating thereto.

4. To see if the Town will vote to raise and appropriate the sum of \$6,750.00 for the construction of the Island Pond Road, provided the State shall appropriate the sum of \$6,750.00 for the same purpose, it being understood that if said appropriation is made by the State and the Town accepts said special aid, that the Town shall not be entitled to state aid for Class 2 roads, and pass any vote relating thereto.

5. To see if the Town will direct the Collector of Taxes to allow a discount to all persons paying their taxes within such period as the Town shall limit, to fix the rate of such discount, and pass any vote relating thereto.

6. To see if the Town will vote to discontinue as an open highway and make subject to gates and bars the road

leading from the residence of Louisa Doran, near the Hampstead Road, to the Jackman farm, so-called, and pass any vote relating thereto.

7. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds, and pass any vote relating thereto.

8. To see if the Town will vote to authorize its Selectmen to borrow money in anticipation of the taxes for the year 1935 on the negotiable notes of the Town, said loans to be repaid from 1935 taxes collected, and pass any vote relating thereto.

9. To see if the Town will vote to adopt the provisions of the Municipal Budget Act, and pass any vote relating thereto.

10. To see if the Town will appoint a Zoning Commission, to consist of five members, to recommend boundaries for zoning districts in said Town and to recommend appropriate regulations therefor, in accordance with the provisions of Chapter 42 of the Public Laws, and pass any vote relating thereto.

11. To see if the Town will appropriate the sum of One Hundred Dollars for the expenses of the Zoning Commission if the Town votes to appoint such commission under the preceding article, and pass any vote relating thereto.

12. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars, for the purpose of advertising and giving publicity to the natural industrial advantages of the Town of Derry, and pass any vote relating thereto.

13. To see if the Town will vote and appropriate the sum of Twenty-five Hundred Dollars, or any part thereof, for the repair of High Street (Extension) and Folsom Road, and pass any vote relating thereto.

14. To see if the Town will appropriate a sum of money to purchase a Booster Pump for the East Derry Fire Department, and pass any vote relating thereto.

15. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars, or any part of said sum, for the purpose of constructing a cistern for fire protection purposes in East Derry, said work to be performed under the direction of the Board of Selectmen for the relief of unemployment, and pass any vote relating thereto.

16. To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred Dollars for the purchase of the Derry Athletic Field, so-called, from the Derry Athletic Association, the same to be used and maintained as a public playground, and pass any vote relating thereto.

17. To see if the Town will vote to raise and appropriate a sum of money for the purpose of removing garbage

from the premises of the inhabitants, and pass any vote relating thereto.

18. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars for free public band concerts in the Town during the summer of 1935, and pass any vote relating thereto.

19. To hear the reports of Agents, Auditors, and Committees, heretofore chosen, and pass any vote relating thereto.

20. To appoint any necessary committee on any article embraced in this warrant.

Given under our hands and seal of the Town of Derry, this 23rd day of February A. D. 1935.

## Report of the Board of Health

---

The Board of Health wishes to submit the following report:

In last years' report your attention was called to the condition of cesspools and sewerage. Many cesspools that were a source of trouble to the property owners have been taken care of and the condition made more sanitary. It still remains a fact that these cesspools are in many cases causing a great amount of contamination and sooner or later we will have some diseases that we may attribute to these conditions. We have no town carts for the removal of the contents, but are dependent upon private individuals to perform this duty and they have done so quite to the satisfaction of the property owners in the matter. It seems that a town of this size should have some means constantly available to attend to the removal either by contract, by private individuals, or town operated.

We have been very free from any infection. There has been no typhoid fever in our midst and the constant supervision of the children in school by school nurses and our district nurses association has brought about very beneficial results. There have been held both state and town clinics in many branches of examination and I think all have been benefited by visiting these clinics.

The matter of cancer in the state as verified by the report is on the increase very rapidly and it behoves all who have reason to suspect any trouble to take advantage of the numerous clinics held in the state and present themselves for examination. By so doing many lives could be saved and great suffering averted.

There has been much work done by the nurses, both town and state, to help us in our work of health and I can but speak in highest terms of those valuable services.

I wish to thank all for their kindness and helpful assistance during my term of office.

Respectfully submitted,

S. J. COGSWELL, M. D.

## Report of Trustees of Derry Public Library

To the Trustees of the Derry Public Library:

The 30th annual report is herewith presented.

The work of the library has continued much as usual but not at quite such a high tension. The year's circulation has dropped somewhat being more nearly normal. For three years the circulation gained rapidly increasing 27 per cent during that time. This year it has dropped 8.5 per cent which is however less than one year's gain. It is interesting to note that this drop is wholly in the fiction class; in fact, our adult non-fiction has increased, the juvenile remaining approximately the same.

Our purchases during the year have included many excellent books both of fiction and non-fiction. Lists from the Grange, the Boy Scouts, the New Hampshire Congregationalist Conference and other organizations have aided us in making the selection, also numerous periodicals which are regularly received. We have endeavored to combine literary excellence with popular appeal in making our selections. One new set of encyclopedias has been purchased. This is Weedon's in 8 volumes, which was bought especially for the use of the Junior High pupils.

We have found it necessary to add six extra chairs, which are used around the reference table. The table is filled to overflowing many evenings; the office is then used to accommodate extra workers. The school pupils are a constant problem; how best to serve those who come for work and how best to deal with those who make work an excuse to come but who only want a convenient meeting place.

The Junior High school makes a great drain on us at times. Whole classes are sent for books of similar subjects, science, ancient civilization or short stories. Our resources are insufficient to supply all at once but we endeavor to do our best. When we are notified of such a demand, as we occasionally are, we are better able to meet it.

We have borrowed books from the State Library for our patrons and are glad to be able to do so when such service is desired.

Book week was observed in November and during the summer a Vacation Reading Club was sponsored. Forty-six entered the club and thirty-two finished the course and were awarded diplomas for reading ten or more of the prescribed books.

Book displays have been made of timely subjects, book lists compiled of new books for distribution and for the press, pictures and posters have been displayed and the librarian

has tried to keep the rooms attractive with flowers and growing plants.

Current event classes have been held in the Reading Room. There has been the usual flower show and the basement is used for band rehearsals.

The library was represented at both the New Hampshire Library Association held at Exeter and at a district meeting held at Plaistow.

## TAYLOR LIBRARY

### ANNUAL REPORT OF THE TRUSTEES

During the past year, the Library has proven an especial benefit to this community. Not only has the Shepard Building greatly beautified our village, but shortened hours of work have given all an opportunity to use and enjoy more books, magazines, and other facilities offered. This greater value and patronage should merit more interest and support by all our citizens.

Reports of Librarian and Treasurer are herewith submitted.

L. WINSLOW EMERSON  
 JOHN C. CHASE  
 ALAN B. SHEPARD  
 MABEL C. BERRY  
 L. HENRY BAILEY

Trustees.

## REPORT OF LIBRARIAN

### To the Trustees of Taylor Library:

The 57th annual report is herewith presented.

The Library has been open regularly during the year on Tuesday and Saturday afternoons and evenings with the exception of the two holidays, Fourth of July and Christmas, which fell on Tuesday. By a vote of the Trustees it was also opened on Thursday afternoons during the summer for the accommodation of summer visitors and the school children.

The Vacation Reading Club enrolled twenty children, ten of whom finished the course and received diplomas.

We have the past year tried to extend the service of the Library by lending ten or twelve books at a time to the Teachers of our two rural schools, Districts No. 6 and No. 7, to be distributed by them to the children or the families who cannot come to the Library.

Through an error in last year's report the total number of active borrowers was incorrectly given. It should have been 297; of these 41 have been dropped during the year and 63 new names added. Our total number of borrowers at present is 320.

The circulation has increased steadily, the figures showing over 10 per cent more books loaned than last year.

Mrs. Julia M. Goldsmith has served most acceptably as Associate Librarian.

Report of the school health work in Derry, in addition to the weight chart.

Through the Derry Woman's Club fifty-three children in the second grades were able to have all necessary dental work completed.

Through the Federal Relief Administration, one hundred six children had dental work completed, making a total of one hundred fifty-eight children attending dental clinic.

One hundred forty bottles of Cod Liver Oil were given out. This was furnished by the Federal Relief Administration, also they furnished glasses, shoes and clothes.

We have had some contagious diseases; chicken-pox, measles and scarlet fever.

Number of children with defective vision	32
Number of children with defective hearing	21
Number of children with defective teeth	465
Number of children with defective tonsils	72
Number of children attending under-weight clinic	125

Number of children attending mental clinic 3  
 Number of children attending orthopedic clinic 6

### SUPERINTENDENT'S REPORT

#### Finances:

The total expenditure for schools for the year ending June 30, 1934 was \$66,930.37 which is about \$3,600 more than for the preceding year.

This additional amount resulted from major repairs and improvements, painting, new shop room, new domestic arts kitchen and work-room and other improvements costing \$1,425.72, and an up-to-date machine shop equipment and installation costing \$2,077.45. During the same period mis-

cellaneous items of "income other than by tax levy" were decreased by \$912.38.

In spite of these facts a tax levy of \$60,000 in place of \$68,979 received the previous year, was found sufficient to meet all bills.

It is true that the very large cash balance of \$10,000 was reduced to \$6,500 which is a larger sum than should generally be carried over.

#### **Total Costs:**

The actual cost of schools for 1933 and 1934 plus a very close estimate for 1935 averages, \$64,940.00: the corresponding average for the three preceding years was \$77,017, a reduction of \$12,000 per year.

#### **Other Income:**

Aside from the tax levy Derry receives about \$3,500 annually; this item varies from year to year.

In general these figures show a normal expenditure, now that the buildings are all in good repair and well painted, of somewhere from \$60,000 to \$65,000; as a partial offset to this we have an income of from \$3,000 to \$3,500. This is a true picture in simplest form, of Derry School finances.

#### **The Budget:**

For the next school year beginning July 1, 1935 and ending June 30, 1936 there will be less of major repairs and unusual improvements than for the last two years; therefore, in the detailed budget, shown in the three column set-up, the amount of the tax levy is \$59,974.71.

#### **Looking Ahead:**

No town in New Hampshire I believe has a better opportunity for developing a modern system of schools than has Derry. Its public schools are well housed and are well on their way toward a high standard of accomplishment.

We receive pupils from other towns and other states and our teachers know that the standards we are working toward are the equal of any whose pupils we are receiving but we have more conclusive evidence than this.

#### **Achievement Tests.**

In September Pinkerton Academy as usual, gave one of the "Standardized" Achievement tests to all freshman students.

Mr. Gaskill who gives these tests is well qualified for this work. This particular test is designed to show whether or not each pupil is qualified to do high school work. The results so far as Derry pupils are concerned were as follows:

9 pupils were 2 years or more above standard  
19 pupils were 1 year or more above standard

38 pupils were	at standard
4 pupils were 1 year	below standard
1 pupil was 2 years	below standard

This means that about 40 per cent of the 8th grade graduates from Derry Public Schools were from one to two and one-half years above standard and that 93 per cent were fully up to or above that standard.

However, there is still opportunity for improvement.

The next progressive step should be a Public School system made up of six years of elementary schools and four years of Junior-Senior High and four years of Senior High-Junior College at Pinkerton Academy.

Such a system would completely meet the aims of Pinkerton founders who more than a century ago planned for "the education of youths in Science, Language and the Liberal Arts" by providing for an education higher than that of the public school level.

Under present conditions Pinkerton is doomed to remain a small high school, but as a Junior College its field is limited only by its merits.

The Junior College is not an experiment. There are 500 or more of these in the United States with a combined enrollment well on toward 100,000 pupils.

Derry and the surrounding towns and cities need such an Institution to provide for the youth who today cannot be employed in the industries.

The Derry Chamber of Commerce might well consider the desirability of having Pinkerton Academy develop into a more permanent Pinkerton Junior College, an Institution similar in character to the highly successful Colby Junior College at New London, N. H., or Bradford Junior College at Bradford, Mass.

There is no doubt that such an educational institution here in Derry could in twenty years secure an enrollment of 500 pupils or more.

If this plan can be approved and started in September 1935, the tax levy can be reduced about \$4,000.00.

Educationally considered this change would make it possible to retain, by courses adapted to their needs, many pupils who now drop out at the end of the eighth or ninth grades.

There are many pupils in every town who incline toward and need courses which lead to engineering and the industrial occupations.

Respectfully submitted,

GEORGE H. WHITCHER

Superintendent.
